

## 25<sup>th</sup> March 2022 – Weekly Newsletter

### School Gates

Parents/ carers are politely reminded not to smoke or to use bad/offensive language on our grounds or indeed at the school gates. Our school is a family environment and we would all like to keep it that way.

### Open Days

We have really enjoyed speaking to all of our Nursery and Year 1 parents about the progress of their children this week. Next week we look forward to seeing our Reception and Year 2 parents. This is a great opportunity to find out about your child's achievements, their areas for development and their character. We are very thankful to parents that have completed our feedback forms during these open days. Feedback on how we are doing is always welcome and we are always looking to grow and develop as a school.

### Nursery Gardeners

Last week was Science week in school. As part of this our nursery children learnt all about growing plants and vegetables and how to look after these. The children have planted some beans in the classroom and have been checking on their growth each day, using some great vocabulary when talking about their observations. Some of the children helped to plant some seeds including carrots, potatoes, tomatoes and courgettes. The children then watered them and are really excited to watch them grow and develop. They talked about what they were doing throughout and enjoyed learning some new words. Well done everyone!

## Congratulations to this week's achievers:
