PE and Sport Premium 2023-24

In 2023-24 our school has been allocated £17,040 for the development of PE and Sport for our children. As a result of the increase in these funds, our approach to its use has also been renewed, based on the 5 key indicators and 2 key uses as detailed by the DfE.

Key Indicators

1. the **engagement of all pupils in regular physical activity** – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school.
2. the **profile of PE and sport is raised** across the school as a tool for whole-school improvement
3. increased **confidence, knowledge and skills of all staff** in teaching PE and sport
4. broader experience of a **range of sports and activities** offered to all pupils
5. increased **participation in competitive sport**

Key Uses

1. develop or add to the PE and sport activities that your school already offers
2. build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future year

Approach	Cost	Impact
SLA - Go Well Go well provided taster days of new sports for the children including Blaze Pods Escape Room Boccia	£2500	Pupils enthusiastically joined in the activities led by Go-well, staying highly active throughout. Teachers gained valuable skills to run similar activities in the future, with materials and supplies provided. These sessions offered fun and engaging ways for pupils to keep moving and enjoy staying active.
After School Clubs Provide a wide range of active after school clubs encouraging increased participation in new sports	£1000	We have replaced outdated equipment to ensure we can continue offering a wide range of physical activities.
New resources New small resources for variety of curriculum areas gym matts, resources for playtimes, goals, balls	£3000	The new resources have had a positive impact across multiple areas of the curriculum and school life. With new gym matts, goals, and playtime equipment, pupils are now more engaged in physical activities and enjoy a greater variety of play

		options, enhancing both their fitness and social interaction skills. These additions have enriched PE sessions and playtimes, encouraging active participation and providing more opportunities for structured and free play.
<p>Motor Skills Teaching Assistant</p> <p>TA will organise dedicated gross and fine motor groups including proprioceptive/sensory activities</p>	£11000	<p>Through dedicated gross and fine motor groups, as well as targeted proprioceptive and sensory activities, children have shown improved coordination, strength, and focus in their daily tasks. This support has enabled pupils to develop essential motor skills, boosting their confidence and enhancing their engagement across the curriculum.</p>
